

**Role: IT Graduate**  
**Location: Dublin or Cork (hybrid working options available)**  
**Duration: 2 years**

## The Programme

---

At Uisce Éireann, we have exciting plans for the next five years, including an unprecedented €1.2bn programme of Capital Investment. This is where we need ambitious and talented IT Graduates like you to join our growing organisation and help us as we deliver transformative Water Services to all communities in Ireland. As a participant on this specialist programme, you will have the opportunity to benefit from three 8-month rotations across our IT Functions that will allow you to build up your expertise as a well-rounded IT Professional and learn from leading industry experts.

- You will complete three rotations across IT Operations, Cyber Security and IT Build & Delivery. This exposure will allow you to build up your expertise as a well-rounded IT Professional.
- This is supported by a structured learning and development roadmap through our bespoke Uisce University, including on-going mentoring and on the job learning.
- On successful completion of this 2-year programme, a number of permanent IT positions will be available within Uisce Éireann.

## The Experience

---

As a participant on this programme, you will gain a wide range of industry experience working in many areas of IT including:

## IT Operations

- Manage and maintain the IT infrastructure of Uisce Éireann, ensuring optimal performance and availability of IT resources.
- Work in tandem with various departments that align IT services with organisational needs and to troubleshoot and resolve issues swiftly.

## Cyber Security

- Fortify Uisce Éireann's digital boundaries by implementing and managing robust security measures, identifying vulnerabilities, and ensuring the confidentiality, integrity, and availability of information.
- Stay informed of emerging threats and develop strategies to mitigate risks associated with cyber security incidents.

## IT Build & Delivery

- Support the development and implementation of IT solutions to address Uisce Éireann's needs, managing projects from conception through to delivery.
- Collaborate with various stakeholders to understand requirements and ensure the delivery of high-quality, effective IT systems and applications.

## About You

---

### To apply for our IT Stream, you should be:

- A recent or prospective honours graduate/post-graduate in Computer Science/Electronic Engineering/Business Information Systems
- A natural problem solver with strong attention to detail, who relishes working in diverse teams and has strong communication skills
- Enthusiastic, curious, and ambitious
- You must be eligible to work in Ireland for the duration of the programme

## Apply Now

---

- Apply by sending your CV to [careers@water.ie](mailto:careers@water.ie) by November 6th, 2023, stating **IT GRAD** in the subject line of your email. Please also answer the following questions in your email:

- Do you have the legal right to work in Ireland for the period of the programme you are applying for? If you require a visa to work for the duration of the programme, please confirm the type of visa you intend to apply for.
- Are you interested in any Graduate stream other than the role you have applied for? If so, please advise which other stream(s) you would be interested in.

**We look forward to hearing from you!**

*Committed to providing a diverse and inclusive workplace with a robust strategy and framework to enable this, Uisce Éireann is an equal opportunity employer and we welcome and encourage applications from interested and suitably qualified individuals regardless of gender, age, racial or ethnic origin, member of traveller community, religion or beliefs, sexual orientation, gender identity or disability*
