Visiting your home

Our staff and agents are trained to always identify who they are and who they are representing. They will always show you their identity card.

Below is a series of sensible steps you should follow when dealing with people calling to your home:

- Always look through a window or door viewer before opening the door;
- Only open your door after connecting a door chain lock or placing your foot behind the door;
- Switch on outside lights when it is dark;
- Request and examine identity cards;
- Always think 'safety' – do not leave strangers alone on your doorstep while you go into another room. Always close the door if you need to do this. Do not leave strangers alone in your home;
- Take precautions – if you are unsure or suspicious, please refuse access.
